

Invia® Motion™ – Endure

Personal and convenient, offering clinical flexibility.

Invia® Motion™ – Endure NPWT Starter Kit

Advanced wound care facts:

- In the US, chronic wounds affect around 6.5 million patients a year and cost over \$25 billion to treat.¹
- The burden to treat wounds is growing rapidly due to increasing health care costs, an aging population and a sharp rise in the incidence of diabetes and obesity.¹
- Scheduling pick-up and returning equipment can cost an average of \$60 per home visit.²
- HCAHPS scores and patient readmission rates have direct impacts on reimbursement rates.³

Invia® Motion™ provides convenience

DME Providers

- Billable under HCPCS coding E2402
- Every patient receives their own starter kit containing all pump supplies
- Reduces need to retrieve, clean, and maintain equipment

Clinicians

- Every patient receives their own personal pump for the duration of therapy
- Visual and audible monitoring with step by step instructions
- Easy to use, only 4 buttons

Patients

- Size and weight promote mobility
- Quiet operation with quick canister replacement

The Invia® Motion™ – Endure

Best suited for use in the home or other post-acute setting as it helps patients comfortably go about daily activities while promoting freedom and mobility during the entire length of treatment.

Features		
Pump category	Personal	
Duration of therapy	Customizable	
Pump weight	.88 lb	
Pump dimensions with canister	H x W x D 6.75 x 3.5 x 2.0 inches	
User interface	Soft membrane button touch	
Pressure options	-60, -80, -100, -125, -150, or -175mmHg	
Therapy flow	1 liter/min	
Therapy delivery mode	Constant or Intermittent	
Audible and visual patient notifications	Canister full, Leak in system, Battery low, Battery empty	
Canister capacity	150mL	
Power source	AC or battery	
Battery type	Internal NiMH	
Battery life	> 10 hours	
Battery recharge time	4 hours if empty	
Warranty	2 years	
ISO 9001 ISO 13485 CE (93/42/EEC), IIa	<p>Operation</p>	<p>Transport/ Storage</p>
		<p>Power supply Model: UE08WCP-090088SPA Input: 100-240VAC, 0.4A, 50-60 Hz Output: 9VDC, 0.88A Length of power supply cable: 67.71 inch</p>
