

TRADITIONAL **WOUND CARE**
Unsurpassed quality in a complete line of products

Traditional Wound Care Products

Quality and value in a complete line

Whether you're looking for gauze bandages, wound dressings, cartoon character adhesive bandages, specialty dressings, tapes or adhesives – whatever you need for wound care, you can get it from Medline.

And with substantial inventory and warehouses all over the world, Medline can serve 98.2 percent of the marketplace within two days. Plus, we manufacture 70 percent of the products we sell, which translates into cost savings for you.

Choose from one of the largest selections of latex-free products and sterile gauze that meets USP Type VII regulations. And to ensure the very highest standards of quality, all Medline wound care products are manufactured in factories that follow FDA Quality System Regulations to the letter.

If you ask a question about wound care products, you'll get an answer right away. And if you need a wound care product tomorrow, we'll get it to you!

Woven Gauze Sponges

100% Cotton

The best for traditional wound care

These 100% cotton sponges are ideal for wound dressings, wound packing and general wound care. Our strictly controlled manufacturing process assures clean, debris-free packing with folded edges to prevent unraveling. Sterile 2's are packed in coated paper envelopes to reduce fiber debris. This easy-open envelope is also carefully sealed to prevent the intrusion of dust and contaminants. Sterile 10's feature strong rigid trays. Also available in non-sterile bulk packs. **Latex-Free.**

NON21600 Eye Pads

Our most absorbent line of non-woven sponges

Avant Deluxe[®] Gauze Sponges

Rayon/Polyester Blend

This deluxe line of non-woven sponges are a unique rayon and polyester blend to provide strength and absorbency. The increased material weight helps to provide a more efficient sponge than our traditional Avant line by reducing the number of sponges that have to be used for each procedure. These sponges offer unique benefits compared to traditional cotton gauze:

- low linting
- increased absorbency
- fast wicking
- economical
- less traumatic to granulating tissue
- **Latex-Free**

Avant Gauze® Non-Woven Sponges

Rayon/Polyester Blend

Avant Gauze® is Medline's standard non-woven dressing. Compared to traditional cotton gauze, Avant Gauze® produces less lint and is less traumatic to fragile granulating wound tissue because it's virtually non-adherent. It also has significantly faster wicking ability which promotes a healthy healing environment. Discover the perfect balance between strength and absorbency in this rayon/polyester blend gauze. **Latex-Free.**

Avant Gauze® Drain Sponges Special fenestration for easy application

This sponge features a unique fenestration which allows it to lay flat when wrapped around a drainage tube. Without it, the sponge will pucker, decreasing effectiveness by allowing fluids to pool around the drain tube. It's a simple feature that most other drain sponges do not offer. Includes all the benefits of non-woven Avant Gauze®. Each 6-ply rayon/polyester sponge is highly absorbent, low-linting and fast wicking to wound beds. **Latex-Free.**

Abdominal (ABD) Pads

Features extra absorbency and wicking

Medline's super absorbent abdominal pads feature a soft non-woven outer layer that quickly wicks fluid to a cellulose center. This thick layer of cellulose quickly absorbs and disperses fluids laterally to prevent pooling. Hydrophobic back impedes strike-through and all edges are sealed to prevent linting. **Latex-Free.**

Item#	Description	Quantity

Bulkee II® Wound Dressings

Our finest and most popular cotton bandages

NON25865 4.5" x 4.8 yds Bulkee II® Cotton Gauze Bandages
NON25853 Bulkee® Super Fluff Sponges

Bulkee II® 100% Cotton Gauze Bandages

Compare to Kerlix®*

Ideal for both primary and secondary wound care dressings. When used as a primary dressing, the open weave design provides fast wicking, absorbency and aeration. Bulkee II® has a tightly finished edge to reduce linting; and crimps for increased cushioning and patient comfort. The 6-ply Bulkee II® bandage stretches and conforms to a variety of patient needs. It performs exceptionally well in burn care applications. **Latex-Free.**

* This product is not manufactured by Tyco Healthcare Group, makers of Kerlix® dressings, bandages and sponges.

Sof-Form® Conforming Bandages

Compare to Kendall Conform®*

This premier quality bandage gently secures to any body contour without restriction of movement and accommodates an increase or decrease in swelling. The uniquely constructed weave and finished edges help eliminate unraveling and lint. The combination of rayon and polyester help the bandage to provide stretch memory when applied. It's a patient-safe dressing that renders a neat application each time. Ideal for secondary dressing applications. **Latex-Free.**

Elastic Net

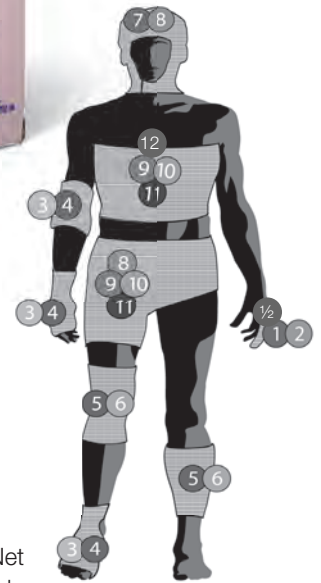

Pre-cut lengths for individual use now available!
Compare to Surgilast®*

Favored by wound care nurses everywhere. This tubular retainer net holds dressings firmly in place without compression. It is an essential product for use with fragile, geriatric, pediatric, and at-risk skin, or those allergic to tape.

- Rayon/polyester knitted elastic net tube holds dressings firmly in place and reduces dressing time
- Soft, open weave does not constrict
- May use finger applicator NONTUB12 for sizes ½ - 2.
- Easily cut to customize length
- Accommodates virtually any part of the body from finger to double extra large torso
- **Latex-free** and neoprene free

TIP! If you lose your applicator, simply take a 20cc syringe (without the needle), remove the plunger and place the netting over the syringe. Place the digit inside the syringe and slowly move netting on to the digit.

TIP! Measure circumference of appendage to select correct product size.

Elastic Bandages

A complete selection for all your needs

Matrix® Elastic Bandage

Matrix® is our finest elastic bandage. Ideal for high compression situations, the polyester/cotton weave provides excellent elasticity and recoverability. Features an easy-to-use hook and loop closure at both ends and is color-coded for easy size identification on both ends of roll. **Latex-Free.**

Medfix Montgomery Straps		
NON5129	7¼" x 11⅞" (18.4 x 28.3 cm)	24/bx (12 pairs), 6 bx/cs, 144 ea/cs

NON5129 Montgomery Straps – may be used with CURAD® Packing Strips on page 3.

Adhesive Surgical Dressing

This all-in-one dressing helps reduce nursing time by assembling in one dressing a sterile sponge, non-adhesive pad and cloth "silk" tape. A non-adherent contact layer that permits free flow of drainage, protects the wound site, and will not stick to granulating tissue. A soft, highly absorbent rayon/cellulose pad for light to medium draining wounds. The tape backing holds the pad in place on two sides. Easily cut to customized sizes. Ideal for long surgical incisions, lacerations, abrasions and invasive lines. **Latex-Free.**

NON4311 Adhesive Surgical Dressing

CURAD[®] Impregnated Gauze

CURAD[®] Petrolatum Gauze Dressing

An effective, non-adherent primary dressing that maintains a moist wound bed for autolytic healing. U.S.P. cotton gauze is evenly impregnated with U.S.P. white petrolatum to create a soothing, conforming dressing that won't stick to the wound site. Ideal for use on non-draining wounds including tube sites, stomas, skin grafts, circumcision, burns, umbilical bandage, non-infected wounds, pressure ulcers (stage 2-4), fistulas or abrasions.

Latex-Free.

CURAD[®] 1" x 36" Petrolatum Dressing

CURAD[®] 1" x 8" Xeroform Petrolatum Dressing

CURAD® Oil Emulsion Dressing Compare to Adaptic® Non-Adhering Dressing

Knitted, high porosity cellulose acetate is evenly impregnated with U.S.P. white petrolatum in an emulsion blend that permits the flow of exudates without adhering to granulating tissue and minimizes skin maceration. Highly conformable dressing is ideal for most draining wounds including burns, suture lines, lacerations, skin ulcers, episiotomy incisions and abrasions. To be used directly on the wound, beneath an absorbent secondary dressing. **Latex-Free.**

Item#	Description	Quantity

CURAD® Detectable Adhesive Bandages

Detectable metal, highly visible color

CURAD® blue bandages meet the needs of the food service industry with their high visibility and innovative, long-lasting adhesive that's gentle on the skin. Detectable metal hidden behind the non-adherent wound pad easily triggers metal detectors used by food packagers. This routine process scans for dangerous metal debris such as screws or knife tips that can accidentally fall into food during processing. In addition, the highly identifiable blue color stands out in all different foods.

CURNASTUB50 Nasal Tube FASTER

CURAD® Plastic Bandages **Ideal for everyday use**

CURAD® Plastic Bandages are ideal multi-purpose bandages for the whole family. Different from other plastic bandages, our bandages are made from flexible plastic reinforced with a layer of non-woven material for softness and strength. A skin-friendly adhesive doesn't leave a sticky, itchy residue on the skin, so you are ensured maximum comfort as you heal. Sterile. **Latex Free.**

First Aid Kits

Bloodborne Pathogen Kit

30 pieces, personal protection use

Guards caregivers of ill or injured patients and protects during biohazard clean-up. Meets federal OSHA recommendations.

Sturdy plastic case is easily portable or wall-mountable.

Contents:

- (1) Fluid control solidifier, 21 gm pack
- (1) Biohazard scoop
- (1) Disposable gown w/full sleeves
- (2) Disposable shoe covers
- (1) Disposable bonnet
- (2) 24" x 24" Biohazard bags, 10 gallon capacity
- (2) 8" x 12" Clear plastic bags
- (2) Twist ties
- (3) Disposable clean-up towels
- (2) Exam quality vinyl gloves, 1 pair
- (1) Eye shield with ear loop mask
- (3) Antiseptic cleansing wipes (sting free)
- (2) 5" x 8" Germicidal (kills germs) wipe, covers 7.5 sq. ft.
- (1) CPR Pack: 1 CPR one-way valve faceshield, latex free, 2 Exam quality vinyl gloves, and 3 antiseptic cleansing wipes (sting free)
- (1) Bodily Fluid Pick-up Guide

Kit dimensions: 9" x 8 3/8" x 2 1/2" (22.9 x 21.3 x 6.4 cm)
